ELEMENTS OF ELECTRICAL ENGINEERING
Course Code : UE25EE141A/B

PES UNIVERSITY

FACULTY CONTRIBUTED:

Department of EEE, RR Campus

Prof . Jyothi T N
Prof. Vadhiraj K P P
Prof. Kruthika N
Prof. Suma S
Prof. Pushpa K R
Prof. Sangeeta Modi

Department of ECE, EC Campus

Prof. Lokesh L
Prof. Dhanashree G Bhate
Dr. Renuka R Kajur
Prof. Rajesh Chandrashekar
Prof. Sangam Kumar G H

ELEMENTS OF ELECTRICAL ENGINEERING

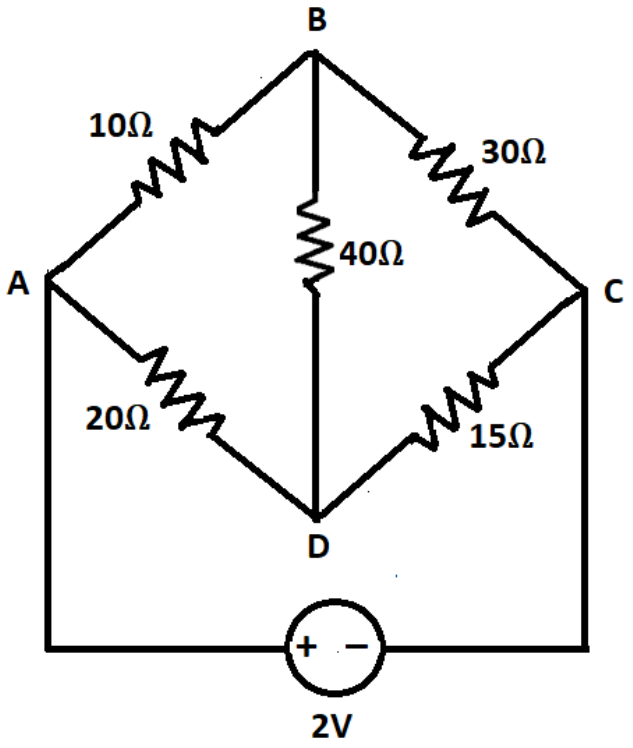
Numerical Examples on Thevenin's Theorem

Jyothi T N
Department of Electrical & Electronics Engineering

Numerical Example 1

Question:

Using Thevenin's Theorem, find the magnitude and direction of current in the branch BD in the network shown.



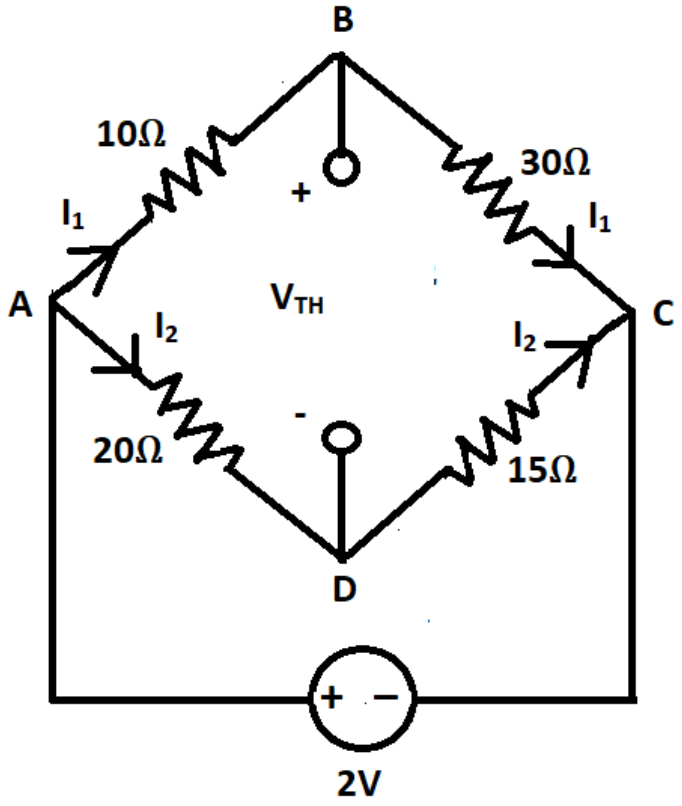
ELEMENTS OF ELECTRICAL ENGINEERING

Numerical Example 1

$I_1 = \frac{2V}{40\Omega} = 0.05A ; I_2 = \frac{2V}{35\Omega} = 0.057A$

Solution :

Finding V_{TH} :



$I_1 = \frac{2V}{40\Omega} = 0.05A ; I_2 = \frac{2V}{35\Omega} = 0.057A$

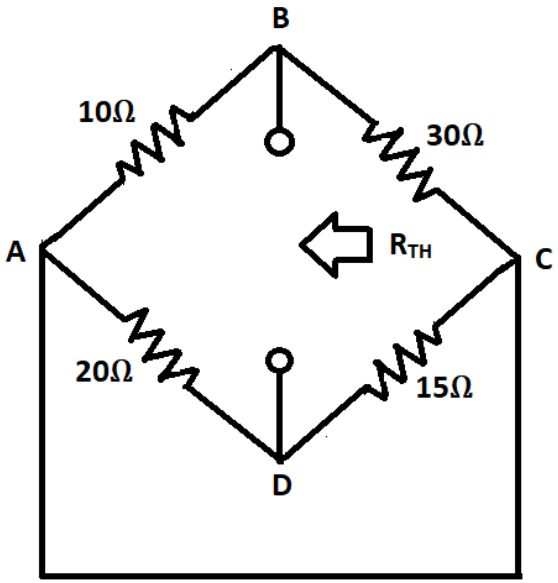
By KVL (ABDA), $-10*I_1-V_{TH}+20*I_2 = 0$

$V_{TH} = 0.64V$

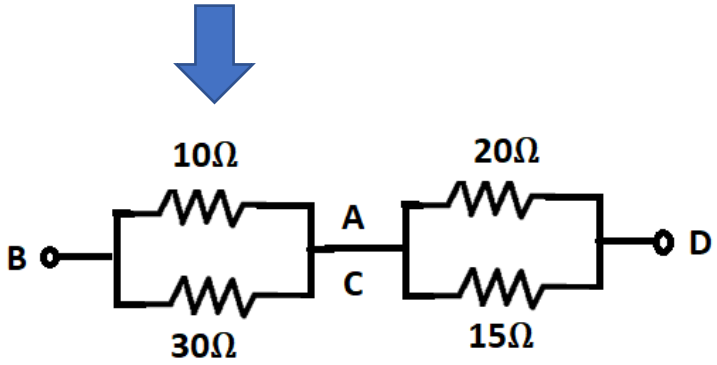
Numerical Example 1

Solution (Continued..) :

Finding R_{TH} :



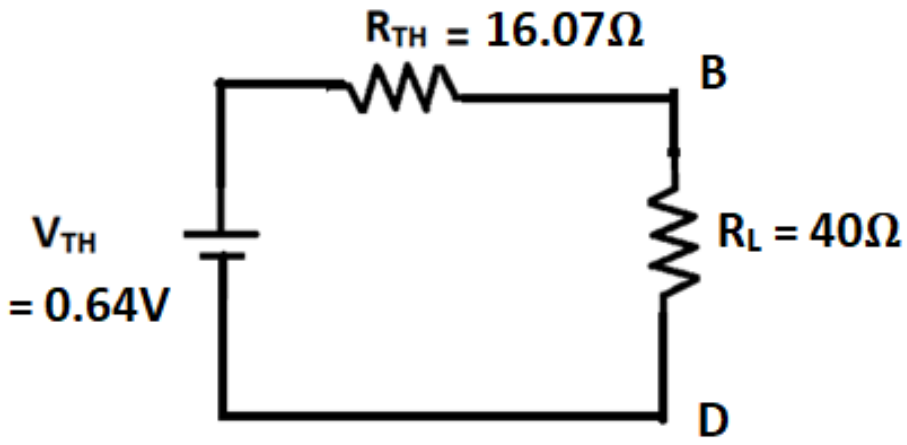
$R_{TH} = (10\Omega \text{ II } 30\Omega) + (20\Omega \text{ II } 15\Omega) = 16.07\Omega$



Numerical Example 1

Solution (Continued..) :

Thevenin's Equivalent Circuit:



$$I_L = \frac{V_{TH}}{R_{TH}+R_L}$$

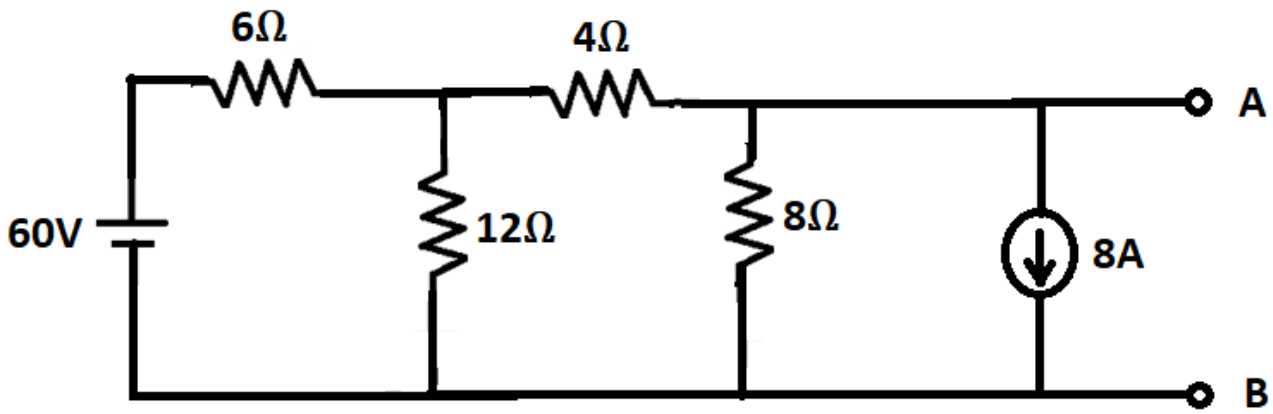
Hence, current through the branch BD is 11.41mA and flows from terminal B to terminal D

ELEMENTS OF ELECTRICAL ENGINEERING

Numerical Example 2

Question:

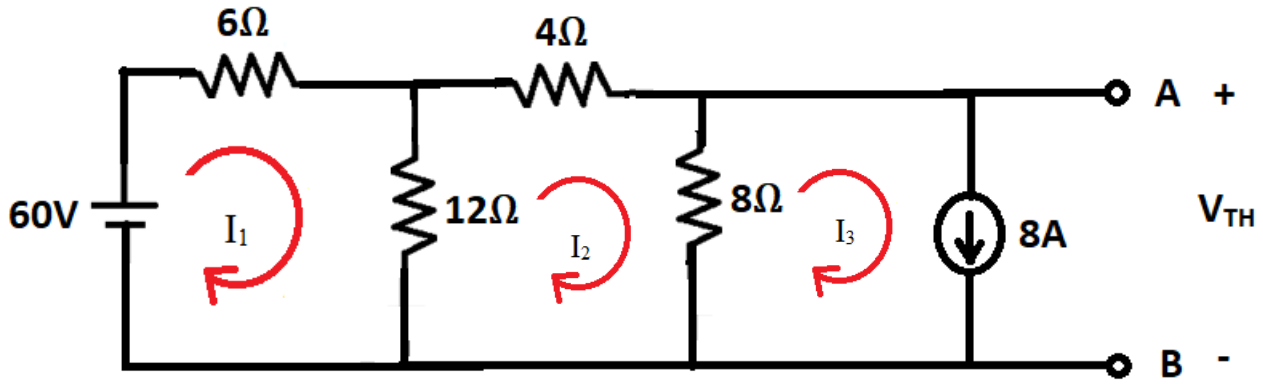
Obtain the Thevenin's Equivalent across the terminals A & B for the network given.



Numerical Example 2

Solution :

Finding V_{TH} :



KVL (Mesh 1) : $18I_1-12I_2-0I_3 = 60$ ---- (1)

KVL (Mesh 2) : $-12I_1+24I_2-8I_3 = 0$ ---- (2)

Current Equation(Mesh 3) : $I_3 = 8$ ---- (3)

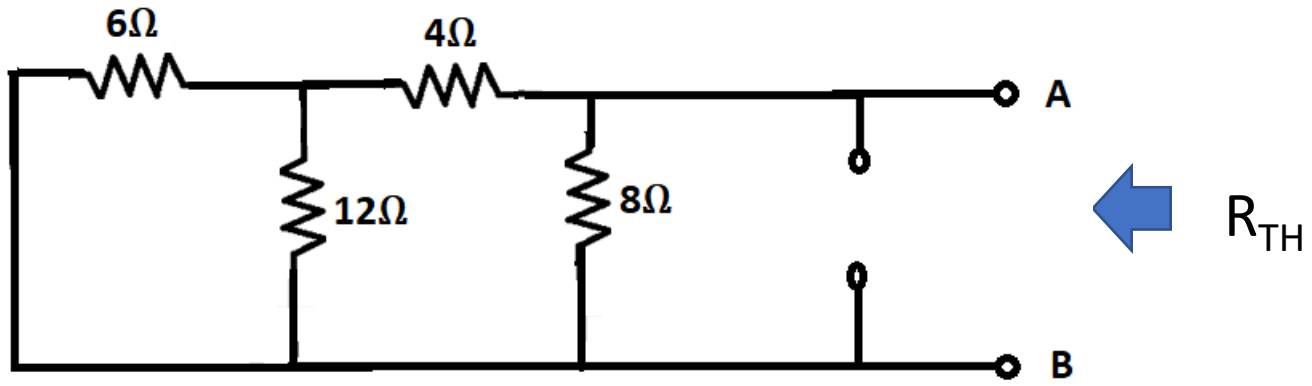
Solving (1), (2) & (3), $I_1 = 7.66A$; $I_2 = 6.5A$

$V_{TH} = (I_2-I_3)*8\Omega = -12V$

Numerical Example 2

Solution (Continued..) :

Finding R_{TH} :

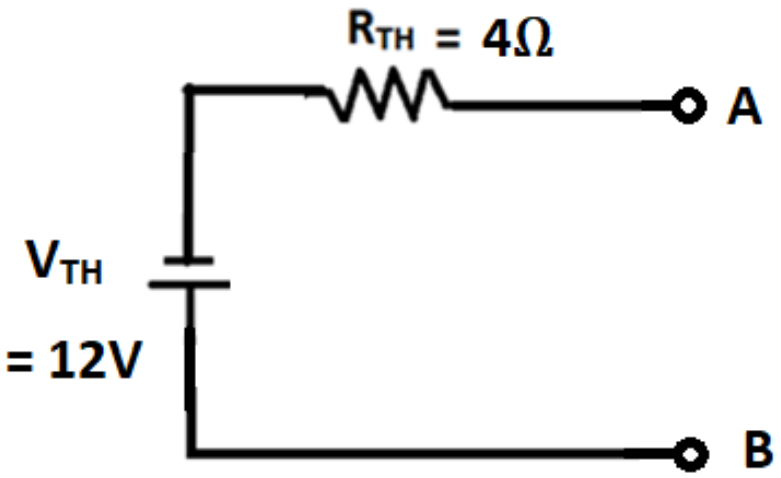


$R_{TH} = \{(6\Omega \text{ II } 12\Omega) + 4\Omega) \text{ II } 8\Omega\} = 4\Omega$

Numerical Example 2

Solution (Continued..) :

Thevenin's Equivalent Circuit:



Find the current through 20Ω resistor using Thevenin's theorem
