The Empathy Map Canvas is a diagram shaped like a person's head in profile, facing right. The head is divided into several sections for mapping user experience. The background is light gray, and the head shape is white with black outlines. The sections are numbered 1 through 7, with some sections further divided into sub-sections like PAINS and GAINS. The sections are as follows:

- 1 WHO are we empathizing with?**
Who is the person we want to understand?
What is the situation they are in?
What is their role in the situation?
- 2 What do they need to DO?**
What do they need to do differently?
What job(s) do they want or need to get done?
What decision(s) do they need to make?
How will we know they were successful?
- 3 What do they SEE?**
What do they see in the marketplace?
What do they see in their immediate environment?
What do they see others saying and doing?
What are they watching and reading?
- 4 What do they SAY?**
What have we heard them say?
What can we imagine them saying?
- 5 What do they DO?**
What do they do today?
What behavior have we observed?
What can we imagine them doing?
- 6 What do they HEAR?**
What are they hearing others say?
What are they hearing from friends?
What are they hearing from colleagues?
What are they hearing second-hand?
- 7 What do they THINK and FEEL?**
 - PAINS**
What are their fears, frustrations, and anxieties?
 - GAINS**
What are their wants, needs, hopes and dreams?

At the bottom of the head, there is a line for additional thoughts:

What other thoughts and feelings might motivate their behavior?
