## Two Buckets

Choose a product from the product bucket based on the last digit of your USN.  
Choose a company from the company bucket based on the last digit of your birth date.

For example:

If your USN is PES1201700495 then you would choose '5. Shampoo' as your product and if your birth date is 18th June then you would choose '8. HDFC Bank' as your product.

*So your problem statement stands as “You work for ‘HDFC Bank’ and they require you to develop a “shampoo” for them.*

Take 15–20 minutes to develop the product's:

- Features (pictorial or description)
- Benefits
- Target Audience
- Promotional Ideas
- Highlight how you used imagination, creativity, innovation.

Share on your individual wall.

NOTE – Make sure your product fits the brand's values, style and ideals  
(The product should convincingly come from the given brand)
