Teams

If you *do not know your enemies nor yourself*, you will be imperiled in every single battle

If you do not know your *enemies* but do *know yourself*, you will win one and lose one;

If you *know your enemies* and *know yourself*, you will not be imperiled in a hundred battles

DISC Behavioral Traits and Assessment

CIE Level 1 - Getting Started with Entrepreneurship

DISC Behavioural Traits

DISC is a behavior assessment tool based on psychologist William Marston's work, which centers on 4 different behavioral traits. This theory was then developed into a behavioral assessment tool by industrial psychologist Walter Vernon Clarke.

Summarizing the DISC Traits

- D stands for the **DOMINANT** Type which is **OUTGOING** and TASK-ORIENTED.
- I stands for the **INFLUENTIAL** Type which is **OUTGOING** and PEOPLE-ORIENTED.
- S stands for the **STEADINESS** Type which is **RESERVED** and PEOPLE-ORIENTED.
- C stands for the **CONSCIENTIOUS** Type which is **RESERVED** and TASK-ORIENTED.

A CAUTIONARY NOTE about this (or any other similar) test:

The main misuse of DISC or any personality model is to assume that a person only has ONE trait. That is not the case. Each person has all traits to varying degrees.

Any such methodology that boxes people in with ONE trait is unproductive and inaccurate.
